 ASA DENTAL®

Magic Color

Magic Color

Italian design

Magic Color, è una linea di oltre 60 strumenti odontoiatrici appositamente selezionati, composta da sonde, sonde doppie, sonde millimetriche, plugger, spreader, otturatori, strumenti per conservativa, curesse, scalers e cucchiari alveolari.

La linea è prodotta nelle parti lavoranti con acciai estremamente resistenti all'usura e alla corrosione, caratteristiche peculiari soprattutto per strumenti che richiedono un'affilatura ad intervalli regolari. Lo strumento **Magic Color** ha inoltre spiccate proprietà soprattutto per sonde e strumenti endodontici di flessibilità ed elasticità.

L'impugnatura della linea **Magic Color** ergonomica e ben bilanciata, è rivestita in materiale plastico antiscivolo (di diametro 10,5/8,5) con codifica cromatica per consentire una rapida identificazione dello strumento.

Magic Color is a 60 dental instruments' line properly selected among explorers, d/e explorers, periodontal probes, pluggers, spreaders, filling instruments, restorative instruments, curesse, scalers and bone curesse.

The working ends of these instruments are made of stainless steel, particularly resistant to wear and corrosion, main characteristics for instruments requesting a regular sharpening.

*In addition, the **Magic Color** explorers and endodontic instruments are extremely flexible and elastic.*

*The handle of **Magic Color** is well balanced and ergonomic. It is covered with a non-sliding color coded plastic material which allows a quick traceability of the instrument.*

Magic Color lo strumento ergonomico ultraleggero che ASA DENTAL ha progettato e realizzato per TE!

- Ottima resistenza all'usura e alla corrosione
- Punte in acciaio estremamente resistente
- Autoclavabile max 140°
- Interno di metallo ultraleggero
- Manico colorato
- Fissaggio della punta affidabile e sicuro
- Flessibilità ed elasticità
- Codice articolo per una immediata rintracciabilità
- Elevato controllo dello strumento
- Impugnatura ergonomica in materiale plastico antiscivolo

Magic Color is the ergonomic and ultra light instrument designed by ASA DENTAL for YOU!

- Optimal resistance to wear and corrosion
- Working ends made of extremely resistant stainless steel
- Autoclavable max 140°
- Ultralight metal core
- Color coding
- Positive tip fixing
- Flexible and elastic
- Item number for quick traceability
- Efficient instrument handling
- Non-sliding ergonomic handle in plastic material
